Holy Week Events

Palm Sunday, April 1
Worship at 8:45 and 11:15
Special Music performed by our CMAP kids!
Palm Sunday is the beginning of the Christian observance of Holy Week. It begins with the celebration of Jesus’ entry into Jerusalem before the Passover Festival. The name, Palm Sunday, comes from this same story. The Palm Sunday service also includes references to what is to come during the somber week to follow, when Jesus' Crucifixion takes place. The celebration and loyalty of the entry into Jerusalem turns into the pain and betrayal of Good Friday.

Good Friday, April 6
Walk the Labyrinth in Fellowship Hall, 8:30 am until 9 pm. (Details inside.)
Tenebrae Service, 7 pm
What is a Tenebrae service? The word "tenebrae" comes from the Latin meaning "darkness." In this dramatic service on Good Friday, all of the lights and candles on the altar are gradually extinguished until the room is in complete darkness. At the moment of darkness, a loud noise occurs symbolizing the death of Jesus.

Easter Sunday, April 8
Sunrise Service, 6 am
Join us at Blossom Hill Pavilion off of Oakes Road for an Easter Sunday Sunrise Service. There are picnic tables at the pavilion, but bring outdoor seating with you if you like.
Worship at 8:45 and 11:15

The people who sat in darkness have seen a great light.
And for those who lived in the land where death casts its shadow, a light has shined.

- Matthew 4.16; Isaiah 9.2
It is getting to the time of year when we begin to look at our thermostats and thermometers. We glance outside to see how far the mercury has climbed, and we then make adjustments to the thermostat inside so that we can remain somewhat comfortable in the changing temperatures.

I wonder, in our lives of faith, if we would consider ourselves thermostats or thermometers? It seems to me as though Jesus was a pretty consistent thermostat. He not only was able to figure out the temperature of situations and people, but he worked to change that temperature when he felt it needed to be adjusted. Healing and preaching the good news, providing food for multitudes, walking on water, stilling storms, raising Lazarus, money changers in the temple, parables and storytelling, water to wine, last supper, crucifixion, resurrection, all of these point to a person who actively worked to change the temperature. He was a keen observer. Before working for change, we must recognize the current condition of the climate, and discern the best way to work for adjustments. However, the adjustments are not solely personal, but also change the surrounding climate for people in dire need of a change.

We live in the middle of many different climates. We appreciate the change of the seasons. We make adjustments based on weather patterns and keep our eyes out for storms on the horizon. Maybe we who have invented snow blowers and early warning weather advisory systems could also take a look at the horizon of humanity and all of the many apparent needs. Surely we who can adjust our thermostats to provide comfort in our homes can find new ways of impacting the weather patterns that affect the surrounding culture. Notice that Jesus often impacted people outside of synagogues and temple. He met them where they were and provided hope for change in systems that often caused the mercury to rise.

As we move into another change in the seasons, think a bit about what a thermostat actually does. Far too many of us simply want to be thermometers, sticking our fingers up in the air and proclaiming the heat. Far too few of us want to respond anymore by helping to bring the temperature down, not just for ourselves, but for our brothers and sisters; brothers and sisters who know war, who live in extreme poverty, who don’t know where tomorrow’s food will come from, and have no health care. Brothers and sisters who are also made in the image of our Creator, children of God just like you and me.

Thermometer or thermostat?

Peace,

Pastor Clark
Why is Easter on a Different Day Each Year?

In 325 AD, the Council of Nicea set the date for the celebration of Easter as the first Sunday after the first full moon following the spring equinox. For this reason, the date will change each year and can fall anywhere from March 22 to April 25.

SPECIAL Easter OFFERING

The 2012 Easter Offering will go to three mission projects. Locally, 1/3 of the Offering will go to the Brookside Center, which provides a food pantry, clothing and household items to those in need on Cleveland’s near west side, and is located on Pearl Road. Nationally, 1/3 will go to the Society of St. Andrew, whose volunteers annually glean millions of pounds of nutritious produce from farmers’ fields and orchards after the harvest. This food is then delivered to those in need. Internationally, the final 1/3 of the offering will go to a miraculous project in Monrovia, Liberia, that Janet Kleckner saw first hand in January.

The West Point School was built by the local United Methodist Church, because the government was forcing all schools located in churches to close. It is the only school in the West Point community, a teeming slum neighborhood of approximately 70,000 people. The West Point school began holding classes in the new building in March 2012. This wonderful Methodist school offers education to many children, a food program, has the only well in the neighborhood, and the only septic tank with flushing toilet. The photos below show the former church sanctuary where over 450 students were taught in shifts, the new school building, and a view of the neighborhood from the second floor of the school.

BRECKSVILLE UMC'S THIRD ANNUAL LOW EMISSIONS SUNDAY WALK BIKE CARPOOL To Church! APRIL 22

Dust off those walking shoes and take a low emissions trip to church on April 22. If you live too far away to walk, try to catch a ride with a friend. This is a great opportunity to feel connected to God’s creation and to reduce the use of nonrenewable resources!

The earth is the Lord’s and all that is in it, the world, and those who live in it. Psalm 24:1

Last year, we had to cut our operating budget because our pledges were lower than the previous year and we had to plan our expenses to meet our projected revenue. We even cut our missions budget from $15,000 to $7,500. Thanks to good management and some generous, unexpected giving, we finished with a good surplus.

This year our pledges came in slightly lower than in 2011, but the Administrative Board voted to approve a budget that restored Missions giving to $15,000 as well as restoring the other departmental budgets. Approval was based on our “leap of faith”.

So far this year, our “leap of faith” is falling short. We have been below last year’s giving in 6 of the 10 Sundays, leaving us a total of $4,800 behind last year’s giving. Sometimes that just reflects the current pattern of giving, based on the activities of our donors. And often, the economy influences giving. It’s just hard to say at this time of our budget year.

It is our hope that you will be able to adjust your giving to respond to our leap of faith planning. Historically, this has been a missions minded church. We want to move forward with that reputation and mind set.

-Les Buttolph, Director of Finance

Behind The Screen
with the Bell Choir

Our Bell Choir: Karen Theilman, Becky Schudy, Megan Reber, Ruth McDonell, Chris Toth, Lauren Brinkman, Joy Fenton, Bailey Mendlik, Carol Herzig Dobos, Becky Chen, David Brown, Ric Lisinski

About those hand bells and ringers. Just over 300 years ago, tower bell ringers in England responded to complaints from neighbors who were tired of listening to long practice sessions blaring from church bell towers. The hand bell was invented to enable ringers to practice indoors and keep the peace in the neighborhood. Later on, composers started writing music for hand bell choirs to perform in public, and today hand bell music is a staple of many churches and universities.

Hand bells are pitched percussion instruments like chimes, marimbas and xylophones. A bell choir is a percussion ensemble. Unlike an orchestra or vocal choir in which each musician is responsible for one line of the texture, a bell ensemble acts as one instrument, with each musician responsible for particular notes.

We have a long tradition of hand bell ringing at Brecksville United Methodist Church. We own five octaves of bells, three octaves of chimes, tables, pads and mallets which would cost about $28,000 to purchase today.

Our choir is always interested in new members and substitute members who fill in when one of our regulars is away. We recently had some fun taking photos to enhance the bell choir page on the church website.

The Handbell Musicians of America website has a link to our page in an effort to attract members of the community into our church via the bell choir.

We are a focused group; we have fun; and we work together to bring our best to you and to God. -Chris Toth

Becky Chen and Anne Ford accompanied the Bell Choir on a recent Sunday.
The Volunteer In Mission trips over recent years have been gratefully received as part of the Russia Initiative to foster rebirth of the Methodist Church across that country. This year, 18 volunteers from the East Ohio Conference, including Tony Cipolla and Bruce McCrodden from our church, will work at an orphanage in the city of Kursk that provides services to special needs kids.

The orphanage asked the group to bring new sports and recreation equipment for boys and girls ages 5-18. If you would like to help, please bring balls, jump ropes, games, puzzles, temporary tattoos, sidewalk chalk, etc. to the box marked “Russia VIM” in the coat room outside Fellowship Hall by May 1.

Representatives from Brecksville have personally seen that Russian students have benefited substantially from the willingness of our church and its members to share both their time and material contributions. Please keep the Kursk students, their caregivers and the VIM team in your prayers. Thank you.

-Bruce McCrodden

**Identifying With The Poor: Subsistence Diet Challenge**

This year we encourage members of the congregation to participate in a five-day subsistence diet in order to better identify with the poor.

As we move through Lent, typically a time of prayer, penance, almsgiving and self-denial in the six weeks prior to Easter, many people give up a luxury or fast as a way to remember Jesus’ 40 days in the wilderness when he fasted, prayed and was tempted three times by Satan.

We are also moving through our church-wide Lenten study based on the book “The Hole In Our Gospel.” We have been studying the plight of the poor, our attitudes about them, what God expects of us and what we can and are willing to do about it.

We invite you to join us as we eat a subsistence diet of beans, rice and tap water from Monday, April 16 through Friday, April 20. We may find that by day four, we are tired of this diet and will be glad that our fast will end the next day. Our hope is that if you reach that point you will remember that for some people this diet will be all that they know for a lifetime.

When Jesus told the parable about the Son of Man judging all the world’s people as a shepherd separates the sheep from the goats in Matthew 25, he commended those on his right because whatever they “did for one of the least of these brothers of mine” they did for him.

We pray that through our fast we may find a new sense of compassion for Jesus and our brothers and sisters who are the least of these. -Dave Podolny

**The Five-Day Challenge:** For five days, eat as half the world’s population eats—on less than $2 a day.

**Food:** Restrict your intake of food to a small serving of oatmeal or Cream of Wheat at breakfast and a cup of rice and beans at lunch and dinner. Consider this: One cup (eight ounces) of food is a generous meal portion for those fighting poverty—and eating meat is a luxury. (You may add small amounts of vegetables and approximately 1 ounce of meat—the size of a small chicken nugget—to your portion each day).

**Water:** Drink only tap water, and remember the more than one billion people who don’t have access to clean water. Children in many developing countries walk for miles to fill jugs with water, often from disease-ridden sources.

**Special Considerations:** Please use your discernment in determining a portion size and water consumption that will allow you to function in a safe manner, while also experiencing what life is like for the other half of the world. If you have a medical condition affected by diet, honor your physician’s recommendations. Please contact your doctor if you are unsure about participating in this challenge.

-Truly I tell you, whatever you did for one of the least of these brothers and sisters of mine, you did for me.’

Matthew 25:40

**Aid to Orphanage**

-BUMC Missions Project. $1 Per Week Watch for More Information Coming Soon!

-Our vision for every child, life in all its fullness. Our prayer for every heart, the will to make it so.
The UMW meeting is Thursday, April 5. Join us for continental breakfast and fellowship starting at 9:30 a.m. and stay for our program “Tales from Down Under” with speakers Cathie Clager and Rita Wolansky from the Brecksville Historical Society.

Get Ready to Run!
April 28 is the 2012 Race at the Rock to benefit the children and adults of Flat Rock Homes Care Center and Community Services in Flat Rock, Ohio. The mission of Flat Rock is to provide quality care to those with intellectual and developmental disabilities in ways that demonstrate God’s love. Walkers and runners are welcome! Can BUMC hold onto the Bishop’s Cup for another year? If you’re interested in participating contact Jeff Fesler 330.467.6983 or visit www.flatrockhomes.org.

Planning Meeting
Morning Knitting/Crocheting Group
Tuesday, April 24
10 am, The Parlor

This group is for anyone who is willing to learn, teach, or enjoy fellowship. Bring your ideas on projects, dates, and times. See you there!

Communion Class
The 5th graders have been attending a Communion workshop each Sunday morning during the 8:45 service. Communion is one of the most significant symbols of church life. Jesus instituted the elements of this simple meal as a way to help us remember him and as a tangible way to demonstrate Christian fellowship.

This powerful symbolism is absorbed by each generation as children observe and participate in the Lord’s Supper. Our 5th graders are taking an additional step as they show their commitment to learn more about this enduring faith tradition.

We are now 4 weeks into the 6 week class and thus far:

♦ They have read the story of the Passover from Exodus, experienced the elements of a Seder celebration and saw its significant link to the Last Supper.

♦ They found that the word “bread” appears 250 times in the Bible. As we looked up many passages, they saw that there is much more symbolic meaning to bread than just its form as physical food.

♦ They compared the 4 Gospel versions of the Lord’s Supper and contrasted their differences. They looked at a number of paintings of the Last Supper and determined the artists’ point of view.

♦ They created their own tableau of the Lord’s Supper and placed Jesus amongst themselves in modern times. Isn’t that, after all, what we do at each celebration of the Eucharist?

♦ Next week the 5th graders will learn the “nuts and bolts” of communion in the Methodist church and bake bread that you will share at communion on April 1. These 5th graders will be serving you the meal that day.

Leonardi DiVinci’s “The Last Supper” 1498

Save the Date!
VBS
July 16-20
April 22 is Native American Ministries Sunday.

The observance is one of six special church wide Sunday offerings. Funds collected will allow The United Methodist Church to partner with existing native ministries and create programs on behalf of Native Americans. It also supports seminary scholarships for United Methodist Native Americans.

Staff members of the American Indian Education Center (AIEC), located on Brookpark Road, will be here that day to share information about their work. Despite the promises associated with relocating American Indian families from reservations to large cities, like Cleveland, to provide good jobs, good housing, and prosperity, many are still living without adequate housing, food, or income. The AIEC provides support to these families while promoting cultural studies that allow them to learn about their heritage and help them reach their potential in the areas of employment, educational attainment, self-sufficiency and self respect. In spite of funding from various grants, money is limited and there are big needs within our local community. We can help. This is another of the ‘Holes In Our Gospel’ that we have identified in our own community that needs our support. We hope you can come and hear more about their active presence in our community and how we can help.

- Les Buttolph

---

"WORK-SHIP"

One "Hands-On" Worship Service
Sunday, April 22 at 11 am

Sunday April 22 will be an opportunity for the members of our Church, young and old to “get their hands dirty” with a hands-on mission opportunity. **On that day, we will have ONE church service where part of the service will be assembling school kits and baby care kits.**

Our motivation, in part, comes from Isaiah 58. In this chapter the people of Israel complain to God, “Why have we fasted and you have not seen it? Why have we humbled ourselves and you have not noticed?” The people were saying, “we’ve been religious and you don’t seem to care.” But God’s reply tells the people exactly what He expects.

> “Is not this the kind of fasting I have chosen: to loosen the chains of injustice and untie the cords of the yoke, to set the oppressed free and break every yoke? Is it not to share your food with the hungry and to provide the poor wanderer with shelter – when you see the naked to cloth him and not to turn away from your own flesh and blood?"

In our Hole In Our Gospel Lenten Study, the author says for our commitment to the poor to be effective, it has to become personal. This hands-on mission project will help us do just that.

If you feel moved to do so, purchase the supplies listed below and place them in the bin in the coatroom marked “Hole In Our Gospel.” During the service we will pack the kits and prepare them for shipment. The kits will go to support local missions through the Cleveland Native American Center and internationally through Church World Service.

---

**SCHOOL KITS (estimated cost $15)**
- One pair blunt metal scissors (rounded tip)
- Three 70-count spiral notebooks or notebooks totaling 200-210 pages (no loose leaf filler paper)
- One 30-centimeter ruler (12”)
- One hand-held pencil sharpener
- One large eraser
- Six new pencils with erasers
- One box of 24 crayons (only 24)
- 1/2 yard of “kid friendly fabric” or one 12”x14”x17” finished cotton or lightweight canvas bag with cloth handles. Patterns for the bags are available at [www.churchworldservice.org](http://www.churchworldservice.org).

**BABY CARE KITS (estimated cost $39) Items must be new and under 12 month size.**
- Six cloth diapers
- Two T-shirts or undershirts (no onesies)
- Two washcloths
- Two gowns or sleepers
- Two diaper pins
- One sweater or sweatshirt (can be hand-knitted or crocheted)
- Two receiving blankets (may be hand-knitted or crocheted blanket)
The yellow buttercups blooming along the front walk to the church will always remind us of Margaret Anderson, a cherished and treasured friend of many here at BUMC. Margaret died on Saturday, March 3. She was one of our garden elves and planted those buttercups and many of the perennial flowers around the church. A church member for 50 years, Margaret was actively involved with the UMW and several circle groups. A memorial service was held for her on March 11 at Laurel Lake.

We also lost Erna Loreta, who also joined our church 50 years ago. Did you know that Erna was a triplet? She and her sisters used to perform on stage, tap dancing. Her daughter, Linda Rollins, serves as one of our Music with a Mission emcees, carrying on the family tradition of entertainment. Funeral services were held for Ms. Loreta at the church on March 22.

Funeral services were held on March 20 for Regina Dennis, who joined the church 55 years ago. Many members may remember Ms. Dennis from her work with the Brecksville Garden Club.

This spring, we are experiencing a “grandbaby boom!” Our congratulations go out to:

♦ Judy and Bruce McCrodden on the birth of their grandson, Andrew. Andrew’s parents are Steve and Erica McCrodden.

♦ Marilyn and Jeff Schillo on the birth of their grandson, Jude Allen. Jude’s parents are Greg and Erin Schillo.

♦ And Jim and Nancy Lee on the birth of their granddaughter, Isabel Budzinski.

To every thing there is a season, and a time to every purpose under the heaven.

Ecclesiastes 3:1
I am happy to belong to a great church. I want to thank my church family for coming to my chili dinner. The dinner was amazing! There was a great turn out. Your support will help me as I travel with People to People this summer.

Thank you,
Matthew Manocchio

Dear Friends at Brecksville UMC:
Your generous support of WSEM Food Center at Brookside is greatly appreciated. You touch the lives of children, women, and men experiencing poverty and crisis. During the month of February, we distributed food to 800 families. School supplies, hats and gloves were given to 48 children. Your support helps our program to be a positive presence in people’s lives.

Sincerely,
Lou Keim

UMW thanks Kay Mendlik for being creative and thinking "outside the box" for the old pink tablecloths. Phi Theta Kappa, CCC Honor's Society, made 49 pillows for the veterans at the VA hospital using the fabric. The remaining tablecloths were given to the Vietnam Veterans of America.

Walk the Labyrinth

The labyrinth will be set up in Fellowship Hall on Good Friday.

What is the labyrinth? It is a big piece of canvas with a labyrinth pattern on it. The pattern is based on the labyrinth in the Chartres Cathedral in France. A labyrinth is an ancient tool for meditation, healing, and drawing closer to God.

How do you use it? The labyrinth is laid out on the floor. There are materials that can give you some guidance for use, or simply start. You walk along the path laid out, and the atmosphere of spiritual meditation is heightened with candles and music. Plan on at least 20 minutes to walk it.

Can we make our numbers grow? Why not bring a friend to church or Sunday School?

On February 4, several members of our congregation attended the district’s Lay Leadership Academy. Mike and Julie Kubek, Les Buttolph, Rev. Stein, and Michael Jaszzczak participated in the day long event, titled “Calling the Church to Action – Wherever Vitality and Vision are present, Christ Brings Victory.” Workshops focused on four key areas as the drivers of church vitality: Lay Leadership, Small Groups & Programs, Worship Service and Pastor. If you would like to get involved in Lay Leadership, please contact Pastor Clark!

If it's spring, it must be time for the Nordonia Men's Church Softball League! Are you ready for some softball? The games will start early May and run through early July, Tuesday nights with a couple of Saturday nights as well. All games are double headers at Longwood Park in Macedonia. Men ages 16 and older are encouraged to join the team. Sign up today! Contact Bob Lundholm, 440-546-1815 or bob.lundholm@aosepc.com.

This month's Sunday Heels hike will be on the trail around Hinckley Lake, which is 3.4 miles. It's fairly flat terrain, pretty scenery, and a nice, wide trail. We'll meet in the swimming area parking lot (a numeral one on the map, but not the one with picnic table icon) at 2 p.m. Sunday, April 1. For more info: http://tinyurl.com/3auqlo7
