First discussion was about greeters and welcome table. Greeters seem to be going pretty well at this time, scheduling on a weekly basis. We are not currently staffing welcome table in front lobby as it is not in traffic pattern and does not get us needed contact with visitors. We may go back to staffing greeters at the bottom of the stairs near back door as weather warms.

We will leave the welcome table as it is.

Bread ministry is working pretty well at this time, we have been having some limited or no addresses which makes some deliveries difficult or impossible. We appreciate the announcements made to aid in this.

Caring committee has a Tea at Chippewa Place that had a 100% attendance of Church Members, went very well.

Libby advised there is some interest in a simple service or study at Chippewa Place and some nursing homes. She will talk to Karen more about this, possible people to see if could help might be Kendal, Tom Taylor, or Ruth McDonell....others. Libby will see about putting an article in the Good Word to see if there is anyone else interested. Only several times per year, not weekly.

I will contact Irma to see how attendance is recorded to see if there is a convenient way to follow up on people we have sent bread to and welcomed; to see if they came back and follow up, either way.

Next meeting scheduled for February 19.
