The next meeting date for COE is April 30 at 7:00.

The February minutes were approved.

The Sponsor a Bible table will be up this Sunday. Kathy Decker and Janine will be at the table. There are 20 Bibles and they are \$12.00 each.

Because of the church construction, VBS will be moved to August 19-21. More details will follow at a later date.

We read through all of the recommendations from the Transition Task Force. We broke into small groups and had each group go over details for one of the recommendations as it pertains to COE. The new schedule will be in effect September 14th.

Four different adult Sunday School choices will most likely be added for the fall. These may include a topical class held in the sanctuary or the balcony led most likely by Karen. A second class might deal with family issues from infancy to dealing with the elderly. A class centered around the reading of a book might be the third offering. The final class may center around a Bible study.

Children's Worship will be available to children ages 3- second grade. Stephanie Sak will be leading Children's Church during both services. Details concerning where this will be held will be coming.

Room usage was looked at. We definitely have enough rooms to house all of the Sunday School classes, including 4 adult classes. The balcony was looked at to have a class because it is not as large as the sanctuary. Another divider could be added in Fellowship Hall to accommodate another class. Ken is looking into adding another door into the library area which would then lead into the small kitchen on the third floor. The library area could be used as another classroom.
